GP-16

Owner

Maraven S.A. Note: Listings for Maraven Lake Maricaibo barges incomplete due to lack of data.

Type

Drillships

Details
Design

Marine Consultants (Marcon) B.V

Performance

Water depth—120'; Drilling depth—15,000'.

Drilling Equipment

Drawworks—C-Emsco C-1 electric; Pumps—two F-1000; Prime movers—four Cat. D-398, G.E. 1600 amp SCR system; Rotary Table—Emsco 271/2".

BOP System

Three Cameron ram type 133/8" 5,000 psi WP; one Hydril 133/8".

Mooring

Eight anchors, 10 ton each.

Quarters

13 persons.

Variable Load

2,632 mt.

Storage

Mud & Cmt Bulk—40 cu m; Liquid Mud—2,130 bbl; Fuel—1,430 bbl; Potable Water—900 bbl.

Hull

200' x 100' x 13'.

Derrick

Dynamic C-L 147'.

Heliport

12 m x 12 m.

Cranes

Two Unit Mariner 280-H.

Construction

Rotterdam Dockyards Co., the Netherlands, 1982.

Positioning

Kongsberg-Simrad triple redundant DPS-903 DP, vessel and power management system, differential GPS.

Remarks

DATA: Same as GP-11.
